Builder: Mulder

Naval Architect: Van Oossanen

Flag: Maltese

Hull Construction: Aluminium

Hull Configuration: Displacement

Air conditioning, Approved RYA water sports centre, Deck Jacuzzi, Stabilisers at anchor, Stabilisers underway, WiFi connection on board

CALYPSO I features a bespoke modern exterior with a sleek aluminium construction and a continuous window line which culminates in a contemporary plumb bow.

The slender, fluid design goes against the current fashion of ballooning beams, as the hull measures a perfect eight metres at its widest point. The slender hull and long waterline will together ensure outstanding seakeeping capacities in rough seas, enhancing comfort for owner and guests alike.

CALYPSO I accommodates 10 guests in 4 spacious guest staterooms. Two guest cabins are convertible to either twin or double cabins, and feature an additional pullman bed each.

The exceptional features of the full beam owner's stateroom on main deck is heightened by dedicated access to a private seating area in the bow - a tranquil nook from which to contemplate the horizon. Above the owner's bed, you will find a panoramic window through which you can enjoy a view of the starred night sky.

An impressive saloon, dining room and bar area is located on the main deck, with floor to ceiling windows providing panoramic views all around whilst also flooding the interior with lots of natural light. The dining experience will be enhanced by the addition of a folding side balcony, which brings seascape panoramas right to the table.

Vickers Studio, who were responsible for the interior design of CALYPSO I wanted to create something unique that captures the essence and atmosphere of beach elegance; and combined soft pale oaks with stainless and leather detailing to frame the more natural elements. Textured white fabrics are the back drop for the more playful cushion colours through the yacht, linking the interior and exterior areas.

The cabins are designed to welcome and provide guests with

KEY FEATURES

- 1** This Mulder ThirtySix features the Van Oossanen patented Fast Displacement Hull Form (FDHF). This will ensure comfortable sailing and economic running costs at all speeds.
- 2** Airy beach house-themed interior.
- 3** Features a beachclub and protected embarkation platform.
- 4** Flexible cabin arrangement, CALYPSO I can accommodate any group arrangement, be it a family charter or four couples.
- 5** Several indoor and outdoor bars and dining spaces. Enjoy your dinner with the view of a beautiful sunset.
- 6** Seven-person Jacuzzi on the flybridge, which can be covered with a bimini.
- 7** Sun deck al fresco dining area allows for 360-degree views in comfort.
- 8** Space for a 6.25 tender, two jetskis, SUPs, seabobs and diving gear.
